He was a native of the State of New York are came to Mad. ison in 1837 or 1838, (we think,) a young man, to engage in the practice of the legal profession. Youth and stranger though he was, his talents soon brought him into notice at a bar where such men as Marshall, the Brights, Cushing, Sullivan and Stevens, were the principal practitioners.

In 1840 he made a thorough canvass of the State for "Tippecanoe and Tyler too," and was undoubtedly the most effective stranger in the Government to the proud position it once enjoyed, and at the end of four years the Government would be in the hands of a party which shall embrace every one of the thirty-four States.

Henley, who defeated him after one of the most violent contests ever witnessed in the State. Politically and pecuniarily broken down, he soon after left the State and returned to the city of New York to practice his profession. The attention of females can not be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.
